A message from your Local PCSO's

As we are moving into colder and darker nights, we would like to remind you of a few safety measures you can use. Outdoor security lights coupled with CCTV are a useful tool in combating burglars.

Remember not to leave Christmas presents you have purchased on show either in your car or in your home. Make sure you have a secure place to leave those important deliveries.

It's still difficult to meet face to face now we are in tier three. Please remember we are here to help where we can. Look out for the Police 'FORD KUGA' driving round your village - Give us a wave!

Please be vigilant regarding scam calls and cold callers. If you feel unsure about anyone knocking at your door and you think they are suspicious, please call 101. Remember to NEVER give your bank details to anyone either at the door or over the phone. Your bank will never ask for card details over the phone.

****Now the nights are drawing in please remember to put lights on your bike and wear highvisibility clothing****

COVID 19

Please remember the rules regarding social distancing during tier three and remember to wear a mask.

Any breaches could result in a fine of £1000. Something nobody wants just before Christmas.

Crime Updates

We've had three Covid breaches reported during November. Please remind yourself of the new tier 3 restrictions.

Youths have been seen at Congresbury Football Club drinking and doing graffiti. Extra patrols have been put in place

Reports have come in regarding Heavy Goods Vehicles using Says Lane and Ashey Lane in Langford. These roads have a 7.5 Ton weight limit. We are using information provided to us to try and stop this from happening.

Good News Story

We were excited to meet up with the Congresbury Youth Group before the 2nd lockdown. They enjoyed toasting Marshmallows and letting off some fireworks.

Our High Target Patrols

- Speeding
- School Patrols
- ASB Hotspots
- High Streets and surrounding roads
